ProService HAWAII

Ask a business question. Skip the report-building.

Ask in everyday language. See the pattern. Follow up.

> “Which weeks of the year do we have the highest amounts of overtime?”

Weeks 33–34. A pattern worth exploring.

184.5 overtime hours across two weeks in this example. Ask a follow-up to see where those hours are concentrated.

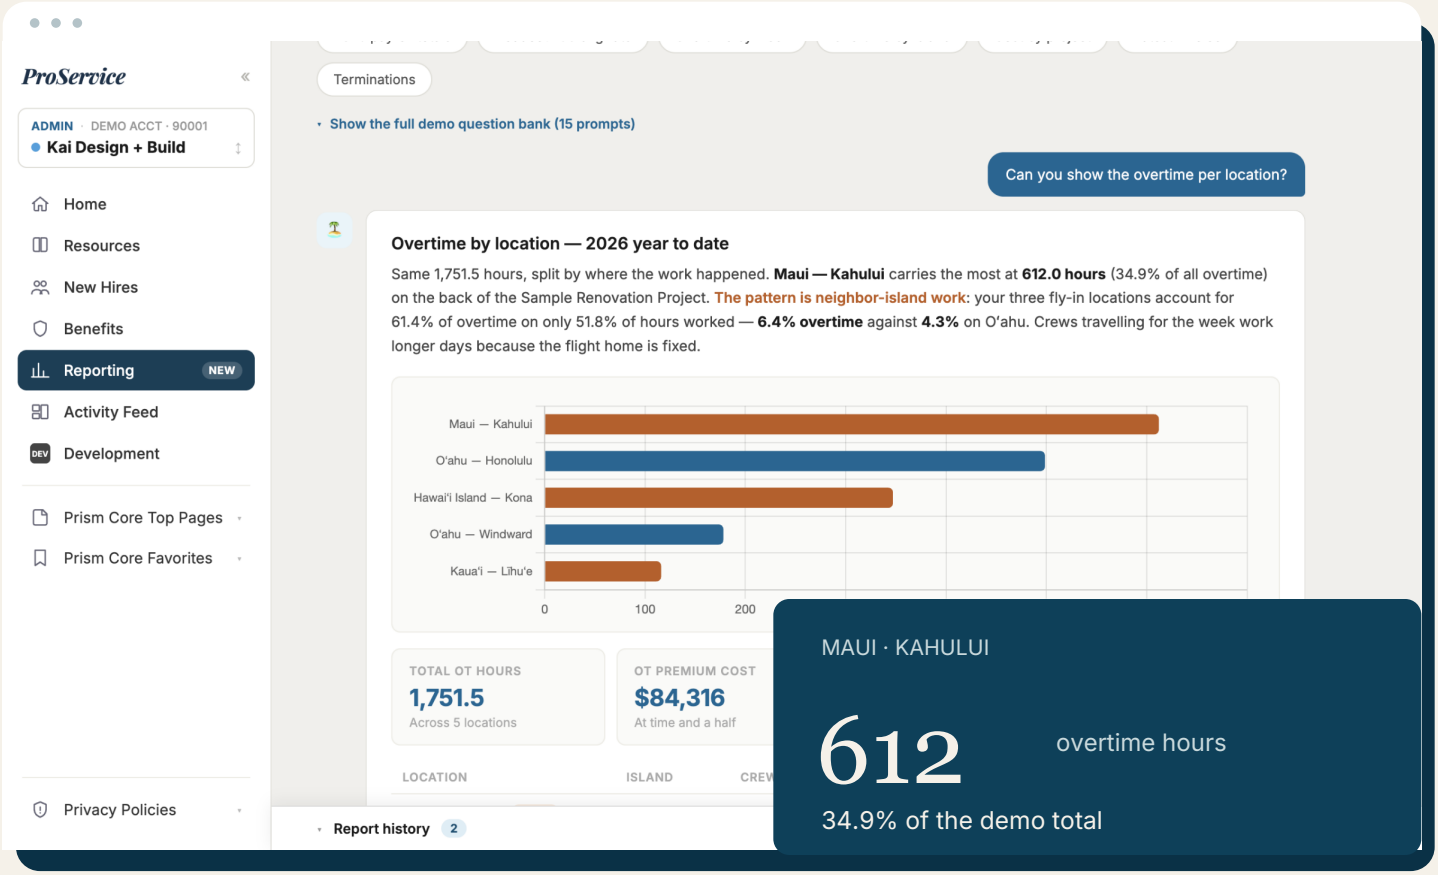

Product preview · Fictional demo data · 2026 weeks 1–38 · Charts enlarged for clarity.
